## 11 TOP DISTINCTIONS FOR KECHRIS WINES

Awards keep pouring in for KECHRIS wines. The latest distinctions come from three of the most prestigious international wine competitions. The most important among them was the golden medal that was awarded to the TEAR OF PINE retsina in the Decanter World Wine Awards with a score of 95/100. This is the 3 golden medal for this wine in 2017. In the same competition, KECHRIBARI retsina and GENESIS red were awarded a bronze medal, while ROZA, our unique rosé retsina, in its first appearance in the competition was rated as commended. In the other two UK-based competitions, the TEAR OF THE PINE received a silver medal in the International Wine Challenge and a bronze medal in the International Wine and Spirits Competition. In the same events, KECHRIBARI and GENESIS red received a bronze medal each, while ROZA was awarded a bronze medal in the IWC.

It is worth noting that until now this year, the TEAR OF THE PINE has received 6 awards in 6 competitions and KECHRIBARI 5 awards in the same events, a record not likely to be matched by many wines of its price category.
