

## A silver medal for Kechribari retsina

Intense, polished and vibrant, an "outstanding example", these are the special mentions of the jury that awarded a Silver medal to Kechribari at the Decanter World Wine Awards.

This is already the third top distinction for the so popular retsina of Stelios Kechris Domaine in 2015. The value of this new accolade is even more important if we take into account that it comes from one of the most respected international wine competitions and the one with the highest number of entries in the world. This silver medal, the only award received by a retsina in this event, constitutes one more step towards the goal of upgrading the image of this traditional Greek wine abroad.
