RETSINA STRIKES GOLD AGAIN

Tear of the Pine won its 4th gold medal in this year's international wine competitions and the 7th award in 7 events. This distinction, which comes from the San Francisco International Wine Competition, sets a new record for our 100% Assyrtiko retsina.

Together with Tear of the Pine, Kechribari, our classic retsina from 100% Roditis, received a silver medal for the second time in a row from this competition. This is its 6th distinction for this year, a unique achievement for a wine at this price category.

The rising number of awards and the growing popularity of all of our retsinas in Greece and abroad, apart from making us proud, showcase the limitless potential of traditional Greek wine.
