

Our wines receive high acclaim in North America

Boston, Washington, Houston, New York, Toronto, Montreal, our exports manager visited the United States and Canada in May, and our wines travelled to 6 cities in 3 weeks.

Through presentations to consumers, wine tastings and dinners with professionals it was once again confirmed what we have known for quite some time; in these two very important markets, the interest for Greek wine is rising constantly.

As for the wines of Stelios Kechris Domaine, they were met with enthusiasm, while The Tear of the Pine, our super premium retsina, which is imported in the USA under the care of the brother of Stelios Kechris, Evangelos, has received excellent reviews and the most positive feedback. Thanks to their quality, our retsinas and all of our wines attract more and more friends outside Greece, where our sales are in continual development, while we already export to 19 countries.
